Secretary of State

FOR IMMEDIATE RELEASE
February 21, 2014

Contact: Alicia Pierce or Jeff Hillery
(512) 463-5770

Secretary of State Nandita Berry reminds Texans about early voting *Early Voting for Primary Elections runs through Feb. 28*

AUSTIN, TX – Texas Secretary of State Nandita Berry reminds Texas voters that early voting for the March Primary Elections continues through Friday, February 28. Election Day is Tuesday, March 4.

To get the word out, Secretary Berry toured the state, engaging voters in traditional, digital and social media, and new television and radio advertisements are currently running statewide in English and Spanish.

"I encourage all Texas voters to take advantage of the convenience of Early Voting, when you can vote anywhere in your county and at a time that works for you," said Secretary Berry. "I also want to remind Texans to bring an approved photo ID to the polls."

Photo identification is required in early voting and on Election Day to vote in person. To cast a ballot in person voters should present one of the following approved forms of photo ID:

1. Texas Driver License – issued by the Department of Public Safety (DPS)
2. Texas Personal Identification Card – issued by DPS
3. Texas Concealed Handgun License – issued by DPS
4. United States Military Identification card containing the person's photograph
5. United States Citizenship Certificate containing the person's photograph
6. United States Passport – issued by the U.S. government
7. Election Identification Certificate – issued free by DPS

Anyone who does not have one of the first six forms of ID can get an Election Identification Certificate from a local DPS driver license office for free.

In almost all cases, voters voting by mail will not need to present a photo ID. Texans age 65 and older and people with disabilities are automatically qualified to vote by mail. However, the last day to request a ballot by mail in time for the March 4 Election is Friday, February 21. Voters can contact their county elections office to locate the most convenient polling place, or they can follow the links at www.votetexas.gov. Polling place times will vary from county to county.

Secretary Berry reminds Texans about Feb. 3 registration deadline

AUSTIN, TX –Texas Secretary of State Nandita Berry reminds Texans that Monday, February 3, is the deadline to register to vote in time for the March 4 primary election.

"If you aren't already registered to vote, you must register at least 30 days before Election Day to vote in the next election," Secretary Berry said. "For the March 4 primary that means your registration must be received or postmarked no later than February 3."

The 30-day deadline also applies to registration updates such as changing your address.

Texans can register to vote in several ways including downloading a mail-in application at VoteTexas.gov. Eligible voters may also apply in person at their county voter registrar's office. A full list of county voter registration offices is available at the [Secretary of State's website](http://www.sos.state.tx.us).

"The first step to voting is registering," Secretary Berry said. "I encourage all eligible Texans to register to vote or update their voter registration today."

Texans can check their registration status through VoteTexas.gov and even make updates online if they are not changing their county of registration.

Early voting begins February 18 and continues through February 28. The deadline to request a ballot by mail is February 21.

Photo ID will be required for voting in person. The seven forms of approved photo ID are:

- Texas driver license issued by the Texas Department of Public Safety (DPS)
- Texas Election Identification Certificate issued by DPS
- Texas personal identification card issued by DPS
- Texas concealed handgun license issued by DPS
- United States military identification card containing the person's photograph
- United States citizenship certificate containing the person's photograph
- United States passport

With the exception of the U.S. citizenship certificate, the identification must be current or have expired no more than 60 days before being presented at the polling place.

Feb 18, 2014, 2:29pm CST

Texas Secretary of State Nandita Berry talks economic development, voter ID law

Nicholas Sakelaris

Staff Writer- *Dallas Business Journal*

Email | [LinkedIn](#) | [Twitter](#) | [Google+](#)

Nandita Berry has been on a whirlwind tour of Texas since she became secretary of state in January. She's hit the Rio Grande, Midland, Lubbock, Amarillo and, this week, she stopped in North Texas.

On Tuesday, she visited the Dallas Business Journal office where she talked to me about economic development and the voter ID law.

Berry, who married Houston conservative radio host Michael Berry, loves to tell her own success story.

She immigrated to Houston in 1989 to attend the University of Houston with \$200 to her name. She worked her way through school at a law firm and later became a regent at UH.

She's leaving those posts behind for her new gig as Texas secretary of state.

"I quickly had to find a job. It is just a testament to the opportunities that are available here in Texas that you can get yourself through school, find a job, find a good job, I worked at a law firm in Houston," she said. "To me, it's an incredible story to write about our state, which really, for immigrants like me, shows that Texas is the land of opportunity. It's wide open for opportunity. If you work hard, you can succeed. That's the story I want to tell about Texas outside of Texas. I'm going to go talk to companies outside of Texas and do what we can to bring business to Texas."

Berry couldn't stay too long because Tuesday was the first day of early voting for the March 4 primaries. This is the second test of the Texas voter ID law that the legislature put in place last year.

"They've got to have one of the seven state-approved forms of ID in their wallet. We don't want anybody to go there and be surprised," Berry said.

For more information on the acceptable forms of ID, [click here](#).

Nicholas covers the energy and banking beats for the Dallas Business Journal.

Mobile Election Identification Certificate station in Cameron County this week

Austin – A mobile station is issuing Election Identification Certificates (EICs) in Cameron County today and Wednesday.

The mobile station will be at the Harlingen City Hall today and in Brownsville at the Exhibit Room of the Cameron County Dancy Building on Wednesday. The station will issue EICs from 9 a.m. to 4 p.m. The Harlingen City Hall is located at 118 East Tyler Avenue and the Cameron County Dancy Building is at 1100 East Monroe Street, Brownsville.

Election Identification Certificates are available without charge to qualified Texas voters who do not already have an approved form of photo ID, which is now required for voting in person.

Many Texans already have an approved form of ID and will not need or qualify for an EIC. Acceptable forms of ID in addition to an EIC are:

- Texas driver license issued by DPS
- Texas personal identification card issued by DPS
- Texas concealed handgun license issued by DPS
- United States military identification card containing the person's photograph
- United States citizenship certificate containing the person's photograph
- United States passport

Applicants for an EIC will need to present proof of citizenship and identity. For most applicants that means a birth certificate and two forms of supporting documentation. A complete list of documentation requirements is available at <http://www.dps.texas.gov/DriverLicense/eicDocReqmnts.htm>.

Applicants for an EIC would normally have to travel to a Department of Public Safety (DPS) driver license office in order to get an EIC, but these mobile stations will provide an improved opportunity to get an EIC closer to home. The stations are made available by a joint initiative with the Texas Secretary of State's office and DPS. Only EICs will be issued from these mobile stations.

- Texas concealed handgun license issued by DPS
- United States military identification card containing the person's photograph
- United States citizenship certificate containing the person's photograph
- United States passport

Applicants for an EIC will need to present proof of citizenship and identity. For most applicants that means a birth certificate and two forms of supporting documentation. A complete list of documentation requirements is available at <http://www.dps.texas.gov/DriverLicense/eicDocReqmnts.htm>.

Applicants for an EIC would normally have to travel to a Department of Public Safety (DPS) driver license office in order to get an EIC, but these mobile stations will provide an improved opportunity to get an EIC closer to home. The stations are made available by a joint initiative with the Texas Secretary of State's office and DPS. Only EICs will be issued from these mobile stations.

Mobile Election Identification Certificate station in Trinity County today and tomorrow

Austin – A mobile station is issuing Election Identification Certificates (EICs) will be in Trinity County today and tomorrow.

The station will be at the Trinity Fire Department located at 201 South Elm Street in Trinity. The station will be operating from 9 a.m. to 4 p.m.

Election Identification Certificates are available without charge to qualified Texas voters who do not already have an approved form of photo ID, which is now required for voting in person.

Many Texans already have an approved form of ID and will not need or qualify for an EIC. Acceptable forms of ID in addition to an EIC are:

- Texas driver license issued by DPS
- Texas personal identification card issued by DPS
- Texas concealed handgun license issued by DPS
- United States military identification card containing the person's photograph
- United States citizenship certificate containing the person's photograph
- United States passport

Applicants for an EIC will need to present proof of citizenship and identity. For most applicants that means a birth certificate and two forms of supporting documentation. A complete list of documentation requirements is available at <http://www.dps.texas.gov/DriverLicense/eicDocReqmnts.htm>.

Follow on Twitter and Instagram: [@VoteTexas](#)

I wasn't born in this country. Like many others, I came in search of opportunity and a desire to pursue the famed American dream. I have worked hard to be a conscientious, contributing citizen in my adopted home of Houston, giving back and participating in my community at all levels. When I held my hand on the bible this January at the Texas capitol and was sworn in as the 109th Texas secretary of state, it was one of the most proud and humbling moments of my life.

Like many immigrants, my path to this country has afforded me a special appreciation for the democratic political process that defines our system of government and guarantees certain rights to every citizen. A vital component of that process is the active participation of the citizenry. The easiest action that we Texans can take to play an active role in shaping a government that reflects the values and diversity of our state is also the simplest: vote.

Sure, democracy is still a little messy. Winston Churchill famously said, "Democracy is the worst form of government, except for all those other forms that have been tried from time to time." But the fact is, if we want to ensure that democracy is effective for all Texans we must all do our part and participate in it. Voting is a fundamental right we, as Americans, share. I want to make sure every eligible Texan has information on how, when and where to vote. I'm passionate about making the 2014 elections as inclusive as any we've ever had and Texans across the state are working hard to make that a reality.

That's why I'm touring the state talking about important changes to Texas voting laws. The biggest change is that Texans must now show an approved photo ID when they arrive at the polls. Voters can pick any one of seven forms of approved ID:

Texas driver's license - issued by the Texas Department of Public Safety (DPS)

Texas personal ID card - issued by DPS

Texas concealed handgun license - issued by DPS

Berry: For democracy to work, voters must participate at polls - Houston Chronicle

<http://www.chron.com/default/article/Berry-For-democracy-to-work-voters-must-5277927.php>

U.S. military ID card containing the person's photograph

U.S. citizenship certificate containing the person's photograph

U.S. passport - issued by the U.S. government

Election ID certificate - issued free by DPS

If you do not have one of the first six forms of ID, you can get an election identification certificate from your local DPS office - for free. One important detail to note is that if you are voting by mail, in almost all cases you will not need to present a photo ID.

Also, if the name on your approved ID is different than what appears on the state's list of registered voters, you can still vote. You'll simply be asked to initial a box.

Clearly, there are a number of options available to comply with the photo ID law, and the state is taking every possible action to make the process simple and easy. I have been traveling to every corner of the state during my first month on the job to spread the message about the important changes to Texas law. My goal is to make sure that every eligible voter knows that our office is the place to go for important questions about the voting process.

There are a variety of ways in which you can engage with us and get the information you need to vote. If you, a friend, a family member, church group or organization need information about voting, you can reach us any time.

No matter your story, whether you're a fifth generation Texan, or an immigrant like me, I hope you will do your part to contribute to the democratic process and make your voice heard. Election Day is Tuesday. Together we can all work together to ensure fair, open and honest elections for our great state.

Berry is the 109th Texas secretary of state.

DEFENDANTS' OBJECTIONS AND RESPONSES TO PLAINTIFFS AND
PLAINTIFF-INTERVENORS' SECOND SET OF INTERROGATORIES

TO: All Plaintiffs and Plaintiff-Intervenors, by and through their attorneys of record.

Pursuant to Rule 33 of the Federal Rules of Civil Procedure, the State of

Texas, Rick Perry, John Steen and Steve McCraw, by and through the Attorney General for the State of Texas, serve these Objections and Responses to Plaintiffs and Plaintiff-Intervenors' Second Set of Interrogatories.

GENERAL OBJECTIONS

Defendants object to each interrogatory: (1) insofar as it seeks information not in Defendants' possession, custody, or control; (2) insofar as it seeks information that was prepared for or in anticipation of litigation, constitutes attorney work product, contains attorney-client communications, or is otherwise privileged; (3) insofar as it seeks information which is publicly available or otherwise equally available and/or uniquely or equally available from third parties; (4) insofar as it seeks information that does not specifically refer to the events which are the subject matter of this litigation; and (5) insofar as it seeks information not relevant to the subject matter of this litigation nor reasonably calculated to lead to the discovery of admissible evidence.

These responses and objections are made on the basis of information now known to Defendants and are made without waiving any further objections to, or admitting the relevancy or materiality of, any of the information requested. Defendants' investigation, discovery, and preparation for proceedings are continuing and all answers are given without prejudice to Defendants' right to introduce or object to the discovery of any documents, facts, or information discovered after the date hereof. Defendants likewise do not waive the right to object, on any and all grounds, to (1) the evidentiary use of the information contained in these responses

and objections; and (2) discovery requests relating to these objections and responses.

Defendants will provide their responses based on terms as they are commonly understood, and consistent with the Federal Rules of Civil Procedure. Defendants object to and will refrain from extending or modifying any words employed in the requests to comport with expanded definitions or instructions.

INTERROGATORIES

1. For each date between January 1, 2006, and November 1, 2011 on which a person had to provide documentation to prove U.S. citizenship or lawful U.S. presence to obtain a Texas driver's license or DPS personal identification card, identify the documents that were acceptable to prove U.S. citizenship, and identify by specific citation (including date) each statute, rule, other authority, or other writing authorizing the Department to request or require such proof.

RESPONSE: Defendants object to this interrogatory on the ground that it contains at least two separate interrogatories. By asking the Defendants to "identify the documents that were acceptable to prove U.S. citizenship" [hereafter Interrogatory 1a] and then asking Defendants to "identify by specific citation (including date) each statute, rule, other authority, or other writing authorizing the Department to request or require such proof" [hereafter Interrogatory 1b], the interrogatory introduces lines of inquiry that are separate and distinct from the inquiry made by the portion of the inquiry that precedes each. *See Willingham v. Ashcroft*, 226 F.R.D. 57, 59 (D.D.C. 2005). Defendants will, therefore, construe

Interrogatory 1 as two separate interrogatories.

Further, Defendants object to both interrogatories as being vague, not reasonably specific, overly broad and unduly burdensome to the extent they require the Defendants to provide a catalog of literally hundreds of responses accounting “for each date between January 1, 2006 and November 1, 2011 on which a person had to provide documentation to prove U.S. citizenship or lawful U.S. presence to obtain a Texas driver’s license or DPS personal identification card”. These interrogatories seek to narrow the Defendants’ responses without the benefit of specific questions during direct or cross-examination. Defendants would object that a detailed explanation of these issues is more appropriate by deposition. Defendants similarly object to the extent the interrogatories seek information regarding the Texas Administrative Code that is publicly available and/or equally accessible to the Plaintiffs and Plaintiff-Intervenors. Defendants object to the extent these interrogatories seek information that is not relevant to this cause of action and is not likely to lead to the discovery of relevant or admissible evidence.

Defendants object specifically to Interrogatory 1a to the extent it calls on Defendants to express legal opinions about “documentation to prove U.S. citizenship or lawful U.S. presence” requiring legal expertise with respect to “acceptable” proof of citizenship under the Texas Administrative Code.

Defendants object specifically to Interrogatory 1b as being vague, not reasonably specific, overly broad and unduly burdensome insofar as it calls for

Defendants to “identify by specific citation (including date) each . . . rule, other authority, or other writing authorizing the Department to request or require such proof.” Defendants also object to Interrogatory 1b to the extent it requires the Defendants to express legal opinions regarding which “statute, rule, other authority, or other writing authorize[s] the Department to request or require” proof of “U.S. citizenship” requiring legal expertise with respect to the Department of Public Safety’s “authority” under the Texas Administrative Code.

Subject to and without waiving the foregoing objections, the Defendants generally respond as follows:

Interrogatory 1a

“For each date between January 1, 2006, and November 1, 2011 on which a person had to provide documentation to prove U.S. citizenship or lawful U.S. presence to obtain a Texas driver’s license or DPS personal identification card, identify the documents that were acceptable to prove U.S. citizenship . . .”

Defendants respond generally that the Texas Department of Public Safety’s website provides a publicly available list of acceptable documents to prove U.S. citizenship. This list can be found on page one of the Verifying Lawful Presence document at:

<http://www.txdps.state.tx.us/DriverLicense/documents/verifyingLawfulPresence.pdf>

f. Included are the following:

- Birth certificate issued by the appropriate vital statistics agency of a U.S. State, a U.S. territory, or the District of Columbia indicating birth in U.S.
- Department of State Certification of Birth issued to U.S. Citizens born abroad (FS-240, DS-1350, or FS-545) or Consular Report of Birth Abroad
- Certificate of U.S. Citizenship
- Certificate of Naturalization

- U.S. Dept. of Justice – INS U.S. Citizenship Identification Card (I-197 or I-179)
- Northern Mariana Card (I-873)
- U.S. passport book that **does not** indicate on the last page that "THE BEARER IS A UNITED STATES NATIONAL AND NOT A UNITED STATES CITIZEN"
- U.S. passport card
- American Indian Card (form I-872) which indicates "KIC."

While this list covers the majority of applicants who are U.S. citizens, the Department of Public Safety has discretion to accept other documents that sufficiently prove an applicant is a U.S. citizen pursuant to Texas Transportation Code § 521.142(e).

Interrogatory 1b

"For each date between January 1, 2006, and November 1, 2011 on which a person had to provide documentation to prove U.S. citizenship or lawful U.S. presence to obtain a Texas driver's license or DPS personal identification card . . . identify by specific citation (including date) each statute, rule, other authority, or other writing authorizing the Department to request or require such proof."

Defendants respond generally that as a result of the federal Motor Voter Act, Texas Transportation Code § 521.142 was amended in 1999 to add subsection (c)(7) to require applicants to indicate whether or not they are a U.S. citizen on an application. The legislative history of this statute is publically available. From October 2008 until December 2011, applicants were required by the previous version of 37 Texas Administrative Code § 15.171 to provide documentation proving their U.S. citizenship. The history of this administrative rule is publically available. Chapter 521 of the Texas Transportation Code was amended in 2011 to add section 521.1425 which requires applicants to provide

documentation proving their U.S. citizenship. The legislative history of these amendments is publically available.

2. As of April 18, 2014 (or any other named date since November 1, 2013), state the number of holders of non-expired Texas driver licenses or DPS personal identification cards who are (1) U.S. citizens for whom DPS records reflect that they have satisfied the current requirements for documentary proof of U.S. citizenship; (2) persons whom DPS records list as U.S. citizens but for whom the records do not reflect that they have satisfied the current requirements for documentary proof of U.S. citizenship; (3) persons for whom DPS records do not list a country of citizenship; and (4) persons for whom DPS records list a foreign country as the country of citizenship.

RESPONSE: Defendants object to this interrogatory on the ground that it contains at least four separate interrogatories. By asking the Defendants to “state the number of holders of non-expired Texas driver licenses or DPS personal identification cards who are (1) U.S. citizens for whom DPS records reflect that they have satisfied the current requirements for documentary proof of U.S. citizenship” [hereafter Interrogatory 2a], asking Defendants to “state the number of holders of non-expired Texas driver licenses or DPS personal identification cards who are . . . (2) persons whom DPS records list as U.S. citizens but for whom the records do not reflect that they have satisfied the current requirements for documentary proof of U.S. citizenship” [hereafter Interrogatory 2b], asking

Defendants to “state the number of holders of non-expired Texas driver licenses or DPS personal identification cards who are . . . (3) persons for whom DPS records do not list a country of citizenship” [hereafter interrogatory 2c], and asking Defendants to “state the number of holders of non-expired Texas driver licenses or DPS personal identification cards who are . . . (4) persons for whom DPS records list a foreign country as the country of citizenship” [hereafter interrogatory 2d], the interrogatory introduced lines of inquiry that are separate and distinct from the inquiry made by the portion of the inquiry that precedes each. *See Willingham v. Ashcroft*, 226 F.R.D. 57, 59 (D.D.C. 2005). Defendants will, therefore, construe Interrogatory 2 as four separate interrogatories.

Further, Defendants object to all four interrogatories as being vague, not reasonably specific, overly broad and unduly burdensome to the extent they attempt to create an ongoing duty to provide responses as of “any other named date since November 1, 2013.” Defendants further object to the interrogatories as seeking information that is neither relevant to this cause of action nor likely to lead to the discovery of relevant or admissible evidence.

Subject to and without waiving the foregoing objections, the Defendants generally respond as follows:

Interrogatory 2a

“As of April 18, 2014 (or any other named date since November 1, 2013), state the number of holders of non-expired Texas driver licenses or DPS personal identification cards who are (1) U.S. citizens for whom DPS records reflect that they have satisfied the current requirements for documentary proof of U.S. citizenship.”

Defendants respond that as of May 18, 2014, 4,134,370 is the number of persons with an unexpired license, occupational license and/or identification card who are identified as US citizens in the DLS database and who have provided DPS with proof of US citizenship with one of the following documents: 'Certificate of Citizenship', 'Naturalization Certificate', 'US Passport', 'US Citizen ID Card', 'American Indian Card', 'US Passport Card', 'US Birth Certificate', 'US Department of State Certification of Birth'.

Interrogatory 2b

"As of April 18, 2014 (or any other named date since November 1, 2013), state the number of holders of non-expired Texas driver licenses or DPS personal identification cards who are . . . (2) persons whom DPS records list as U.S. citizens but for whom the records do not reflect that they have satisfied the current requirements for documentary proof of U.S. citizenship."

Defendants respond that as of May 18, 2014, 14,039,884 is the number of persons with an unexpired license, occupational license and/or identification card who are identified as US citizens in the DLS database and who have provided DPS with proof of identity that is NOT one of the following documents: 'Certificate of Citizenship', 'Naturalization Certificate', 'US Passport', 'US Citizen ID Card', 'American Indian Card', 'US Passport Card', 'US Birth Certificate', or 'US Department of State Certification of Birth'.

Interrogatory 2c

"As of April 18, 2014 (or any other named date since November 1, 2013), state the number of holders of non-expired Texas driver licenses or DPS personal identification cards who are . . . (3) persons for whom DPS records do not list a country of citizenship."

Defendants respond that as of May 18, 2014, 211,167 is the number

persons with an unexpired license, occupational license and/or identification card who do not have citizenship identified in the DLS database.

Interrogatory 2d

"As of April 18, 2014 (or any other named date since November 1, 2013), state the number of holders of non-expired Texas driver licenses or DPS personal identification cards who are . . . (4) persons for whom DPS records list a foreign country as the country of citizenship."

Defendants respond that as of May 18, 2014, 2,120,288 is the number of persons with an unexpired license, occupational license and/or identification card who are identified as Non-US citizens in the DLS database.

Dated: May 22, 2014

Respectfully submitted,

GREG ABBOTT
Attorney General of Texas

Deputy Attorney General for Civil Litigation

LEGISLATIVE BUDGET BOARD
Austin, Texas

FISCAL NOTE, 82ND LEGISLATIVE REGULAR SESSION

February 28, 2011

TO: Honorable Dennis Bonnen, Chair, House Committee on Voter Identification & Voter Fraud, Select

FROM: John S O'Brien, Director, Legislative Budget Board

IN RE: SB14 by Fraser (Relating to requirements to vote, including presenting proof of identification; providing criminal penalties.), **As Engrossed**

Estimated Two-year Net Impact to General Revenue Related Funds for SB14, As Engrossed: a negative impact of (\$2,024,000) through the biennium ending August 31, 2013.

The bill would make no appropriation but could provide the legal basis for an appropriation of funds to implement the provisions of the bill.

General Revenue-Related Funds, Five-Year Impact:

Fiscal Year	Probable Net Positive/(Negative) Impact to General Revenue Related Funds
2012	(\$2,024,000)
2013	\$0
2014	\$0
2015	\$0
2016	\$0

All Funds, Five-Year Impact:

Fiscal Year	Probable Savings/(Cost) from General Revenue Fund 1
2012	(\$2,024,000)
2013	\$0
2014	\$0
2015	\$0
2016	\$0

Fiscal Analysis

The bill would exempt certain disabled voters from presenting additional identification for voting, other than the voter registration certificate, if the voter submits to the voter registrar proper certification from a physician of the disability. The bill would also require voter registration certificates to contain an indication that the disabled voter is exempted from presenting additional identification, other than the voter registration certificate, before being accepted for voting.

The bill would require the voter registrar of each county to provide a notice of identification requirements for voting with each initial voter registration certificate or renewal registration certificate issued. The Secretary of State (SOS) and the voter registrar of each county that maintains a website would be required to post on their websites, in each language in which voter registration materials are available, a notice of the identification requirements, and county clerks would be required to post a physical copy in each language voter registration

materials are available. SOS would be required to prescribe the wording of these notices. SOS would also be required to establish a statewide effort to educate voters regarding the identification requirements for voting.

The bill would require training standards to include instructions on the acceptance and handling of the identification presented by a voter to an election officer and each election clerk would be required to complete this training.

The presiding judge at each polling place would be required to post in a prominent location outside of the location a list of the acceptable forms of identification and the list would have to be separate from all other notices. The Secretary of State would be required to prescribe the wording for written notifications of the identification requirements to vote in elections after January 1, 2012 and election officers would be required to provide this written notification of voting identification requirements to voters who do not meet identification requirements.

The Department of Public Safety (DPS) would be prohibited from collecting a fee for a personal identification certificate issued to a person who states that they are obtaining the personal identification certificate to meet voting identification requirements and that person meets certain other voter registration criteria.

The bill would change an offense under this section after January 1, 2012 to a second degree felony from a third degree felony unless the person is convicted of an attempt, in which case, the offense would be a state jail felony instead of a Class A misdemeanor.

The Secretary of State would be required to prescribe procedures for voters who provisionally vote without proper identification to present proof of identification to the voter registrar not later than the sixth day after the date of the election.

The bill would repeal Sections 63.007 and 63.008 of the Election Code related to voters with incorrect certificates who are not on the voter list and voters without certificates who are not on the voter list.

The Secretary of State (SOS) would be required to adopt the training standards and to develop training materials as soon as practicable after September 1, 2011. Each county clerk would be required to provide a session of training using the standards adopted by and the materials developed by SOS as soon as practicable as well.

The bill would expand the uses of state funds disbursed under Chapter 19 of the Election Code to include additional expenses related to coordinating voter registration drives or other activities designed to expand voter registration. This section would expire January 1, 2013.

Sections 1, 3, 4, 5, 9, 20, and 22 pertaining to providing notice of voter identification requirements, providing voter identification training, providing voter education to the public, and expanding the uses of voter registration funds would be effective September 1, 2011. The remainder of the bill would be effective January 1, 2012.

Methodology

The fiscal impact of the bill excluding technology costs is estimated to be \$2,000,000 million for fiscal year 2012 out of the General Revenue Fund. The estimate includes \$0.5 million to research and develop ways to inform the public of the new identification requirements. Additional costs are estimated to be \$1.5 million for media advertisements: television (\$750,000), radio (\$300,000), print (\$300,000), and internet (\$150,000). The Secretary of State indicates that federal funds associated with the Help America Vote Act (HAVA) may be available for use but the agency would first need to verify this with the federal government.

The Secretary of State would also be required to prescribe the wording for voter identification requirement notifications in each language voter registration materials are available and develop training materials on voter identification requirements. It is assumed that any fiscal implication associated with these responsibilities could be absorbed within existing resources.

The fiscal impact of expanding the uses of funds disbursed under Chapter 19 of the Election Code to include coordinating voter registration drives or other activities designed to expand voter registration is unknown because it is not known how many voter registration drives or other activities designed to expand voter registration would occur.

The fiscal impact of the revenue loss from the prohibition of DPS to collect a fee for a personal identification certificate issued to a person seeking the certificate for the purpose of voting is unknown because it is not

known how many people would make a request for a personal identification certificate for voting.

Technology

The technology fiscal impact of the bill is estimated to be \$24,000 for programming costs associated with creating an indicator on voter registration certificates for voters with certain disabilities. The notification would inform election officers at polling places that voters with certain disabilities are exempted from presenting additional identification other than the voter registration certificate. (The Secretary of State indicates that federal funds associated with the Help America Vote Act (HAVA) may be available for use but the agency would first need to verify this with the federal government.)

Local Government Impact

The bill would require counties to notify registered voters of changes online if the county maintains a website, at polling locations, and included with voter registration certificates. Election clerks would be required to undergo training regarding accepted forms of voter identification.

According to Texas Association of Counties (TAC), Tarrant County anticipated a one-time cost to reprint provisional balloting materials and provide new notices (\$8,000); Bexar County stated that due to limited space on current registration certificates, larger cards would be necessary resulting in additional costs for cards, printing and postage (\$381,256); however, Comal County reported the costs associated with the provisions of the bill could be absorbed within existing resources.

Source Agencies: 307 Secretary of State, 405 Department of Public Safety

LBB Staff: JOB, JT, MS, BTA, KKR

2014 Voter Education Campaign Phase 1- about \$400,000 (HAVA)

- I. Paid Media
 - A. Used TV, Radio, Print and Online advertising
 - B. Generated more than 14 million impressions
 - C. Leveraged PSA to double budget, usually received a 1 for 1 match
 - D. Targeted rural voters, African American voters, and Hispanics
 - E. All paid media in English and Spanish
 - F. The ads polled well in post-phase I research. When shown the TV ad, 4 out of 5 said they felt favorable to the TV ad and 3 out of 4 found the ad informative and easy to understand.
- II. Earned Media
 - A. Secretary Berry visited more than 7 media markets across the state to promote voter education and knowledge of photo ID requirements
 - B. press releases sent and printed throughout the state
 - C. Secretary Berry wrote an op-ed which appeared in the Houston Chronicle.
 - D. Radio tours where Secretary Steen called radio stations across the state for interviews publicizing the photo ID requirements
 - E. Media releases for all our EIC locations, and Houston Press Conference for EIC mobile station kickoff
- III. Web and Social Media
 - A. frequent photo ID messages and reminders posted to our established VoteTexas twitter and facebook and reweeted through SOS twitter account
 - B. early use of VoteTexas Instagram to encourage voting, role will be expanded in phase II of the campaign
 - C. VoteTexas app updated and reflected photo ID info

2014 Voter Education Campaign Phase II- about \$1.6 million (HAVA)

Please note: Phase II is in the planning stage

- I. Paid Media
 - A. continue to use TV, Radio, Print and Online advertising
 - B. focus outreach on Hispanic voters, African American Voters, rural voters and young voters
 - C. Will likely continue to use the same advertisements as phase I as those were well received and effective
 - D. May use other forms of paid media such as outdoor advertising and direct mail to get the word out
- II. Earned Media
 - A. Secretary Berry will continue to travel the state to promote voter education
 - B. PR efforts to remind people of May 10 and May 27 elections
 - C. we will continue to distribute and promote press releases sent and printed throughout the state
 - D. Op-eds from Secretary Berry and possibly other opinion leaders
 - E. Radio tours where Secretary Steen called radio stations across the state for interviews publicizing the photo ID requirements
 - F. Media releases for all our EIC locations
 - G. outreach and information kits to stakeholders such as faith groups, community groups, elected officials, appropriate opinion leaders
 - H. Special events to help promote VoteTexas resources
- III. Web and Social Media
 - A. frequent photo ID messages and reminders posted to our established VoteTexas twitter and facebook and reweeted through SOS twitter account
 - B. expanded use of Instagram account to compliment other social media activities
 - C. Continue to update and promote photo ID educational materials on VoteTexas.gov

Subject: Error on Spanish-Notice of Required ID-County Election Officials (GLS)

Dear County Clerks/Elections Administrators:

We have discovered an error on the Spanish translation of the Notice that you will be using in the November 2011 election. Here is a link to the corrected version: <http://www.sos.state.tx.us/elections/forms/pol-sub/13-1f.pdf> (same weblink as before). The difference is in the placement of the word "Texas" in the list of identifications in the Spanish version.

Thank you for your time and patience.

Elizabeth Hanshaw Winn
Legal Director
Elections Division
Office of the Secretary of State

Subject: New Notice of Required ID-County Election Officials (GLS)

Dear County Clerks/Elections Administrators:

As per our previous email, we are providing this weblink to the New Notice of Required Identification, which your polling place election officials will be required to distribute to each voter who uses a form of identification during the upcoming November 2011 election that will not be valid once Senate Bill 14 is approved by DOJ: <http://www.sos.state.tx.us/elections/forms/pol-sub/13-1f.pdf> (form) and <http://www.sos.state.tx.us/elections/forms/pol-sub/13-1.pdf> (instruction page for administrator).

Please be advised that some counties have asked if they may have the election workers distribute the Notice to all voters to avoid confusion at the polling place and to ensure that the affected voters receive the required notice. Although not required to distribute the Notice to all voters, you may do so.

Thank you for your time and patience and have a wonderful weekend.

Elizabeth Hanshaw Winn
Legal Director
Elections Division
Office of the Secretary of State

Subject: RE: Follow-up questions from Senator West
Attachments: Average Office Wait Times Jan 11-Jan 12.xlsx

Quinn,

Thanks for your patience. I have attached a spreadsheet that breaks down the average wait times by month in each office, grouped by region. Wait time information is only available at locations that have our electronic queuing system.

We don't operate multiple lines, but in our largest offices we are using a queuing system to categorize transactions and there will be a separate category for individuals wanting the election ID certificates.

We do not have any geographic projections on where demand for the free election ID certificates will come from, but our employees are trained and educated on how to process these transactions.

Please let us know if you have any further questions.

Thanks,

Gretchen Essell

Quinn,

Let me get with the Driver License division and see what information is available.

Thanks,

Subject: Follow-up questions from Senator West

Gretchen and Amanda,

Senator West has some follow-up questions on this.

First, he would like to know if there are any metrics on customer wait times:

- (1) across the state;
- (2) by region; and
- (3) by location within regions.

Second, he would like to know if there are any metrics available specifically regarding the wait times to get the free "election ID certificates" established by SB 14. For example, is there a separate line for these customers that would result in there being different wait times than for other customers, or is it all just one line (and therefore one average wait time) for everybody?

Third, he would like to know if there are any geographic projections on where demand for the free election ID certificates will come from--presumably there will be greater demand in some regions and locations than others, so he would like to know if there are such projections, and how your agency is planning to meet those region- and location-specific demands.

Please feel free to call me for clarification, and thank you for your help!

Quinn Ryan
General Counsel
Office of Honorable Royce West
State Senator, District 23

In response to your earlier questions- although SB 9 did not pass, HB 1, Article IX, Section 18.07 did pass. HB 1, Article IX, Section 18.07 provided additional funding and FTEs for strategies 4-2-1 and 4-2-2 from State Highway Fund No. 006. The pertinent language from HB 1, Article IX, Section 18.07, is attached.

We have confirmed that no DL offices are being closed in the Senator's district, nor anywhere in Dallas County. In fact, Dallas County will be the location of one of the new mega centers that is being built in Garland. The construction process is already underway for that facility, and is on track to be completed and begin serving customers in September 2012. That location will have the capacity to serve approximately 1,000 Texans per day and should pull demand from the other extremely busy offices in Dallas County. The Dallas mega center will be staffed with an additional 45 DL employees and contain 24 service counters. These 45 new employees are in addition to the current 105 DL employees in Dallas County.

With respect to FTEs for these two strategies - actual FTEs for 2010 and 2011 for D.2.1. Driver License Services were 253.0 in 2010 and 228.2 in 2011. Actual FTEs for 2010 and 2011 for D.2.2. Driving and Motor Vehicle Safety were 1,214.6 in 2010 and 1,189.3 in 2011. Budgeted FTEs for 2012 and 2013 for D.2.1. Driver License Services were 251.0 in 2012 and 251.0 in 2013. Budgeted FTEs for 2012 and 2013 for D.2.2. Driving and Motor Vehicle Safety were 1,370.0 in 2012 and 1,595.0 in 2011.

Please let us know if you have any further questions.

Specifically, I believe his interest is in driver license services (Strategies 4-2-1 and 4-2-2), as apparently some of our constituents are experiencing delays and other difficulties in obtaining driver licenses or ID cards for voting purposes.

It looks like for Strategy 4-2-1 (Driver License Services), approximately \$47.9 million was estimated/budgeted for 2010-11. And then for 2012-13, the General Appropriations Act (GAA) shows that appropriations for this strategy were actually *increased* to \$56.2 million?

As for Strategy 4-2-2 (Driving and Motor Vehicle Safety), it looks like approximately \$116.1 million was estimated/budgeted for 2010-11. And then for 2012-13, the GAA shows that appropriations for this strategy were actually *increased* to \$169.7 million. However, the GAA says this includes the contingent appropriation in Article IX, Section 18.07 (contingent on passage of SB 9) for \$64.1 million from the State Highway Fund, as well as associated FTE increases. **But according to that section in the GAA, SB 9 was never passed, so apparently DPS will not receive these additional funds and FTEs?**

I'm not sure how these budget decisions affected any DPS office closures in Senate district 23--just trying to provide some additional guidance on the senator's request. Thanks again!

Amanda,

Senator West would like some information on the 2012-13 budget cuts for DPS and how many DPS offices in his district were closed as a result of these cuts. Please let me know if I can provide any additional clarification on his request. Thank you for your help.

Attachments: Average Office Wait Times Jan 11-Jan 12.xlsx

Quinn,

Thanks for your patience. I have attached a spreadsheet that breaks down the average wait times by month in each office, grouped by region. Wait time information is only available at locations that have our electronic queuing system.

We don't operate multiple lines, but in our largest offices we are using a queuing system to categorize transactions and there will be a separate category for individuals wanting the election ID certificates.

We do not have any geographic projections on where demand for the free election ID certificates will come from, but our employees are trained and educated on how to process these transactions.

Please let us know if you have any further questions.

Subject: Follow-up questions from Senator West

Gretchen and Amanda,

Senator West has some follow-up questions on this.

First, he would like to know if there are any metrics on customer wait times:

- (1) across the state;
- (2) by region; and
- (3) by location within regions.

Second, he would like to know if there are any metrics available specifically regarding the wait times to get the free "election ID certificates" established by SB 14. For example, is there a separate line for these customers that would result in there being different wait times than for other customers, or is it all just one line (and therefore one average wait time) for everybody?

Third, he would like to know if there are any geographic projections on where demand for the free election ID certificates will come from--presumably there will be greater demand in some regions and locations than others, so he would like to know if there are such projections, and how your agency is planning to meet those region- and location-specific demands.

Please feel free to call me for clarification, and thank you for your help!

Subject: Re: SB 14 Voter ID

I recall that we discussed Voter ID in Tuesday's program meeting.

Team, we should be including architecture in assessing/estimating for potential design changes.

High level requirements below.

The spreadsheet Bob will send breaks estimates down by use case.

SB 14 – Fiscal Note Requirements – High level requirements

DLS Updates Changes:

- Create new card type – voter id
- Create issuance transaction for voter id
 - o Need new numbering schematic that will be system generated, details will be determined after meeting with SOS – assume 15-20 digit alpha/numeric field
 - o Last Name, First Name, Middle and Suffix (use DLS field requirements)
 - o Date of birth (use DLS field requirements)
 - o Residence Address (use DLS field requirements)
 - o Mailing Address (use DLS field requirements)
 - o Voter registration fields (existing in DLS)
 - o Citizenship (yes or no – if no stop issuance transaction)
 - o Must meet identity requirements (existing in DLS)
 - o No fee processing
 - o Real time query to Crime Records to determine if applicant is eligible based on criminal history.
 - o If return from criminal history is not eligible, stop issuance transaction.
- Modify ICS program – capture portrait and signature only – L1
- Portrait image will be enrolled in IVS following same criteria as dl/id
- Create new card production file (DLS to L1)
- o Contain voter id cards only
- o Provide mag stripe and 2D barcode data
- Create new card – L1

- o Potentially use white teslin
- o Portrait layout
- o Header text and color different from all dl/id card types
- o Data displayed
 - Last, first, middle name and suffix
 - Residence address
 - Date of birth
 - Voter id number
 - Portrait
 - Signature
 - Create new post production file (from L1 to DLS)
- o Populate post production information into card production table
 - Modify create voter registration extract file to include new applications from voter id transaction
 - Create new interface that will allow Secretary of State to provide cancellation information
 - Create new interface that will allow realtime validation of existing voter registrations
 - Modify create file for validating address (FIS mail file) to include voter id information.

Thanks,
Jessica

Subject: FW: SB 14 Voter ID
Importance: High

Germaine, the following is the IT cost to implement SB14:

1560 contractor hours @\$130 per hour for Application Modification (Requirements, Design, Development, OA/UAT)
400 contractor hours @\$130 per hour for a PMO Project Manager
Three (3) additional CSRII FTEs for the Contact center (all justification, progression, etc. is including in the original bill estimates on the OGR files)

It is my understanding that Sheri Gipson will provide the L1 contract cost. On the original bill the IT and DL estimate for L1 was 90-100K. Please let me know when you have that estimate.

Mark has reviewed and approved.

Thanks.

Election Identification Certificate (EIC)

Espanol

Texas voters must show a photo ID to vote in elections in Texas, unless you are exempt (see "Exemptions" below).

If you do not have any of the following acceptable forms of ID, beginning June 26, 2013, you may apply for an Election Identification Certificate (EIC) at no charge. However, if you already have any of the following forms of ID, you are not eligible for an EIC:

- Texas driver license—unexpired or expired no longer than 60 days at the time of voting
- Texas personal identification card—unexpired or expired no longer than 60 days at the time of voting
- Texas concealed handgun license—unexpired or expired no longer than 60 days at the time of voting
- U.S. passport book or card—unexpired or expired no longer than 60 days at the time of voting
- U.S. Military identification with photo—unexpired or expired no longer than 60 days at the time of voting
- U.S. Citizenship Certificate or Certificate of Naturalization with photo

A list of driver license offices open on Saturdays through March 1, 2014, (for Election Identification Certificates ONLY) can be found [here](#).

Texans may also obtain an EIC at [certain locations in select counties](#) and [DPS mobile station locations](#) throughout the state.

Exemptions

If you are voting by mail, you do not have to submit a photo ID.

If you have a documented disability, you may apply at your [county voter registrar](#) for a permanent exemption from the photo ID requirement. If approved, you will not need a photo ID to vote.

For more information on the types of exemptions available, please visit your [county voter registrar](#) or the [Texas Secretary of State](#).

How to Apply

To apply for an EIC, visit a driver license office and complete an [Application for Texas Election Certificate \(DL-14C\) \(PDF\)](#).

To qualify for an EIC, you must:

- **Bring documentation** to the office to verify your [U.S. Citizenship](#)
- **Bring documentation** to the office to verify your [Identity](#)
- Be eligible to vote in Texas (**Bring your valid voter registration card to the office**, or submit a voter registration application through the Texas Department of Public Safety at the office)
- Be a Texas resident
- Be 17 years and 10 months or older

The information on the documents, such as name and date of birth, must all match. If the name is different on each document, then the individual must provide documents that verify a legal name change. If other information on the document is different, speak with a Customer Service Representative for assistance.

If you are using a name other than what is on your birth certificate, (example: married name), you will be required to show legal documentation of name change. **Documents must be original or certified copy. No photocopies can be accepted.**

Acceptable documents:

1. Marriage license
2. Divorce decree
3. Court ordered name change

Expiration and Use

An EIC is valid for six years. There is no expiration date for certificates issued to citizens 70 years of age or older.

Election Identification Certificates may only be used to vote and do not replace a Texas [driver license](#) or [ID card](#). In addition, an EIC will not be accepted to verify [identity](#) when applying for a Texas driver license or ID card.

Statutory Authority

The Texas Election Code 63.001(b) requires a photo ID in order to vote in Texas. The Texas Transportation Code, Chapter 521A and 37 Texas Administration Code, Sections 15.181-185, authorizes DPS to issue Election Identification Certificates.

Note: links to [PDF] files require [Adobe Reader](#) or another PDF viewer.

Subject: Notice to Provisional Voter when his/her Ballot will not be counted

Current administrative rules state when voters must be told by the Election Judge that their provisional votes will not count:

(1) If a Voter is eligible to cast a provisional ballot, the Election Judge shall immediately inform the Voter of this right. The Election Judge shall also inform the Voter that their provisional ballot will not be counted if the Voter casts a provisional ballot at a precinct in which the Voter is not registered (regardless of whether the Voter is registered in another precinct but in the same political subdivision) or if there is an indication on the list of registered voters that the Voter has voted early in person or by mail.

(2) The Election Judge must request the Voter to present a valid form of identification to vote a provisional ballot. If the Voter has no identification, he may still be permitted to vote a provisional ballot, but his ballot will not be approved for counting and the Election Judge must notify the Voter of that fact. Acceptable forms of identification include:

Substantially similar language appears in the initial draft of the post-SB 14 rules.

The problem is that I can't find any support for this language in HAVA, in Sections 63.001(g) (in fact it is suspiciously absent from the list of things the voter must be given), 63.011 or 65.0541 of the Election Code, or in any of the information relative to provisional voting on the website of the Election Assistance Commission. However, the EAC does state that best practices include making sure voters are told what the correct forms of ID are and that they should vote in their correct precinct.

Consequently, I'm thinking that our rules should frame these issues in terms of best practices and not "notice that their vote won't count."

Subject: RE: Brief Communication Regarding SB 100 and SB 14-CC/EA/VR

Hello Elizabeth,

On the proposal for the Similar Name Standards, if it's not too late to suggest that if the reviewing election worker makes a determination 81.71(g) that the voter's name on the presented ID document and the official list of registered voters are not substantially similar, the election worker must make a statement on the provisional ballot explaining the discrepancy. Example Election Worker will write: Pollbook has Jones and ID has Smith; rather than just a check box for "Lack of Valid Identification" without explanation and voter registrar has the task of trying to determine what the election worker was reviewing to make the voter vote a provisional. In the past, provisional ballots will come to our office and we question why the voter was made to vote the provisional from the start. I have been told that some election workers are advising the voter that the address on the DL doesn't match what is on the official list of registered voters and must vote a provisional ballot; not being a valid form of ID. I know that requiring a statement to be completed will not solve all the problems, but could help on the back-end to know exactly what problem occurred with the ID presented. I can just see the voter walking into the office with same ID as presented at the poll and the voter registrar questioning why it was not accepted at the poll from the beginning. This is only if that voter decides to make that trip.

State Rep Yvonne Davis was upset Saturday that someone from your office cancelled and was not available for her event.

I saw a draft of the EIC from DPS, looks good. Questions were raised to the presenter regarding the qualifying procedure for this ID being the same as a DL or PID.

Thanks

Toni
